

Student Summer Training Program

Organized by Indus Hospital & Health Network

Pakistan's Largest Free-of-Cost Healthcare Network

Program Duration: 8 Days (conducted over 2 weeks)

Timing: 4.5 Hours Per Day | 4 Days Per Week

Location: Indus Hospital & Health Network Facilities

Eligibility: Students aged 14 to 22 from all academic disciplines

****Program Overview:**

A Gateway to Purposeful Learning in Healthcare**

The **Student Summer Training Program** is a thoughtfully designed initiative that provides young individuals aged **14 to 22** the opportunity to explore the healthcare sector through the lens of **Indus Hospital & Health Network** — the **largest free-of-cost healthcare provider in Pakistan**.

Over the course of 8 immersive days, students will gain firsthand exposure to a wide range of healthcare functions. The program spans both **medical and non-medical disciplines**, including clinical services, supply chain, finance, human resources, and community health.

Each day includes interactive sessions designed to build curiosity, stimulate critical thinking, and foster teamwork. These are paired with practical departmental engagements and culminate in a **dedicated off-site field excursion on Day 5**, offering a broader perspective on community-based healthcare.

Learning Outcomes:

- Understand key operations within a nonprofit healthcare system
- Observe diverse functions across medical, administrative, and operational areas
- Engage in **daily interactive sessions** to strengthen communication, empathy, and leadership skills
- Participate in team-based learning and real-time projects
- Explore healthcare delivery in community contexts through an **off-site excursion**
- Connect with professionals dedicated to public service and impact

Program Structure:

Week 1 – Orientation & Exposure

- **Day 1:** Orientation & Program Briefing
- **Day 2–4:** Departmental Rotations across Medical & Non-Medical Units
- *(Interactive sessions included daily)*

Week 2 – Experience & Reflection

- **Day 5: Off-site Field Excursion**
- **Day 6–7:** Group Project Work, Peer Learning & Guided Activities
- **Day 8:** Final Presentations, Reflection, & Certificate Distribution
- *(Interactive sessions included daily)*
